

PAST RESIDENTIAL PROJECT

PROJECT: BRIDGEWAY
LOCATION: BUTTERFLY DRIVE, KALLANGUR

Located in Kallangur, the heart of Brisbane's northern growth corridor, Bridgeway is a fully planned community comprising of 350 homes. Heritage Pacific developed the land and constructed the housing.

Created in conjunction with a leading exterior and interior design team, and in keeping with Heritage Pacific's philosophy of creating environmentally-conscious communities, the homes include cutting-edge features such as water tanks and energy efficient exterior colours.

The marketing is targeted to families living in the immediate catchment of 10 km – 15 km radius of Bridgeway and wanting to upgrade to a newer home and families moving out from Brisbane's inner northern suburbs.

FEATURES

- Contemporary architecture in rich colour schemes
- A range of four bedroom, two bathroom versatile designs
- Flexible living options for individual expression
- Quality inclusions both inside and out
- A planned community of fully completed homes
- Broadband enabled

Heritage Pacific completed the development in 2013.
